Working Dog

<http://www.working-dog.com>

Working Dog is an International Database for working dog pedigrees, pictures and videos. It also streams National and International competitions for remote viewing. If you enjoy pedigrees, genetics and learning the history of where your pup came from, I highly recommend a membership. You can sign up for no cost as a Classic Member or can pay the annual membership fee to become a Premium Member. I store and manage all of my dogs and breedings on Working Dog so I do recommend it.

Leerburg

<http://www.leerburg.com>

Training videos, dog supplies, etc. I purchase a lot of my collars and leashes from Leerburg, I especially like and use the Amish Leather leashes and collars. They are a little expensive but very high quality. I own a few of the training videos as well.

Hallmark K9

Training Gear and Equipment. They are based in Pennsylvania and have great customer support and fast shipping. I have purchased many items from them and have been highly satisfied with every transaction. They carry all of the German brands used in the highest levels of competition and make them available to us here in the US. Personally, my GAPPAY training vest, equipment bag and assorted tugs, bite wedges and other training materials were purchased from them.
